MBJ GR HOUSTON 424H

MBJ GR Houston 424G is our new power wagon that is following the footsteps of our MBJ Fireman 266 that comes from our well recognized performance herd. When you factor in this bull's performance, body, bone, and genetics we can be very excited about how much he can help our breed to have more bone, depth, width, masculinity, more adaptability in a real Brangus phenotype.

MBJ GR Houston 424G is tremendously thick and wide-bodied individual while maintaining balance and structural correctness. He is a son of the renowned MBJ Conan 768C, the sire of GR George 101. His sire is the IBBA National Grand Champion Bar C Bar Prince 30W whose show career also included Grand Champion banners at the Brangus Futurity, State Fair of Texas and Rio Grande Valley Livestock Shows. Conan's dam, Ms Tranch 768SW is an MBJ donor that is a daughter of the Houston National Champion TR Mr Red Brick 74R2 combined with the R2 Ranch powerful cow Ms Excel 768P.

MBJ GR Houston dam 428A2 goes back to the powerhouse Sureway's MS Abe 424/K. Her power shows in all her calves with extra depth, width and capacity needed by our Red Brangus breed.

CAMPEONATOS:

- 🏆 San Antonio Livestock Show 2022 IBBA Red Brangus Reserve Champion Red Brangus Summer Division.
- 🏆 Houston Livestock 2022 IBBA Red Brangus Sumer Bull Champion.

Hulk is the kind of the semen sire that you can build a herd around.

HURACAN 101H3

HURACAN 101H3 is a force as powerful as the natural phenomena he is named after.

A pedigree that brings the World Congress Grand Champion CEO 175C5 together with the dam of Superman, the acclaimed donor 101R1.

A futuristic sire that blends powerful performance and pedigree with the most elite phenotype of quality and style.

Use to HURACAN for added growth, greater maternal performance and a championship design that will turn heads.

MBJ FIREMAN 266F

MBJ Johnny Cash 428J3 is an Iconic rare combination of elite semen sire phenotype and unparalleled genetic predictions will made him heavily used in our Red Brangus breed.

He was the 2022 IBBA Houston Livestock Calf Champion. His sire Fireman is one of the most exciting young herd sire we've ever raised. He combines the performance and power MBJ Fireman with style and maternal ability of the 428 line.

MBJ dam is the recognized dam SUREWAYS EASY 428S2. Dam of many outstanding Red Brangus individuals. "Trio's CAMBRIDGE 428C2" and is one of the sons of this incomparable highly feminine and fertile individual.

Johnny Cash combines two of the most elite genetics on our ranch to create what we feel is a masterpiece of a bull.

MBJYUCCA 428B

MBJ Yucca 428B is the Sire of MS MBJ-JM GATA 236G, the 2020 IBBA Texas Invitational National Grand Champion Female and IBBA Reserve heifer of the year 2021. Yucca's first progenies have captured the attention of the Red Brangus world and have put him on the fast track to stardom. He also the sire of Miss oy 225 J 4 that is our best heifer produced in 2022. They are stunners show quality phenotype genetics— extra-long, deep-bodied and stout-rumped with all the power, performance, and presence you can put in one package. It's first time that we have his semen to be offered for sale. His progeny has Proven to have high marbling with tremendous Carcass Quality.

MBJ YUCCA 428B, is a son of the renowned three times bull of the year TRIO's Yucatan 175Y. His commanding phenotype results from the proven mating of TRIO's Sequoia 112S, and Miss Fancy 175/4. Yucatan is the result of generations focused on the blending of performance traits, quality, and eye appeal. MBJ Yucca's dam, 428W is one of the best donors of MBJ Ranch out of the 428 lines and is a daughter of the recognized dam SUREWAYS EASY 428S2. Dam of many outstanding Red Brangus individuals. "TRIO's CAMBRIDGE 428C2" is one of the sons of this incomparable highly feminine and Fertile individual.

TK EXPRESSWAY 297C2

TK Expressway 297C2 is the Sire of TK Fitman 225F2 and offers a tremendous genetic package with his powerful dimension of muscle, strong level top, ideal sheath, good length, and ample bone. This is an exciting and powerful Red Brangus sire that is impacting the Red Brangus breed and our programs with our emphasis on carcass quality traits. As a yearling he posted an impressive 4.3 % IMF and 13.9 REA to compliment his solid EPDs and strong inherent growth performance.

Expressway's pedigree includes the most important foundation sires of the Red Brangus breed: Talento, Rocky Street, Highway, Windac Predominant 854D6 (Klase), and Ultimate Red. He will make a great outcross to many registered Red Brangus herds. Expressway offers innovative genetics in an attractive package to enhance carcass quality, maternal merit, adaptability, and profitability. He is the sire of TK Fit Man 225F2. And son of TK Highway 9015, one of the best sons of Sureway's Rocky out of the phenomenal 901 cow family.

In his maternal branch, the dam of 297L, is one of the most dominant producing females in the entire TK legendary herd. The value and overall impact of this iconic and influential Red Brangus matron on the industry literally cannot be measured. The generations of superiority of genetic lineage is vividly displayed throughout the pedigree of this great family tree. She is the dam of 297W (owned today by Tajo Ranch), and many other powerful individuals.

MBJ JM TRIO HAVANA 7H

He is showing himself to be a bull with performance, a majestic head turning style and tremendous dimension from every angle.

His paternal influence is led by Yucca 428B, who brings the style, elegance and power of Yucatan with the maternal superiority of the 428 family. His maternal influence brings a twist that has not been seen blended with Yucatan. Buffalo's Miss Highlands 7B4 brings the sire power of Highway, Talento and Chief Cardinal.

Junior Calf Champion at the 2020 IBBA National Show of Merit, Reserve Junior Calf Champion at the 2021 IBBA National Show at The International, Reserve Junior Calf Champion at the 2021 IBBA Texas Invitational and, most recently, Junior Champion at the San Antonio Livestock Show.

Studying his genetic profile, Havana ranks in the Top 10% for CED, Top 25% BW in the February IBBA EPD rankings.

His actual performance speaks volumes with an Adjusted WW of 718 from his BW of 70, talk about a growth spread. His adjusted YW of 1193, shows the ability to continue the growth curve. Adding to his growth metrics is a very desirable set of carcass trait measurements.

Havana offers it all – elite sire phenotype backed with a genotype covers the spectrum of all traits.

MBJ JOHNNY CASH 428J3

MBJ Johnny Cash 428J3 is an Iconic rare combination of elite semen sire phenotype and unparalleled genetic predictions will made him heavily used in our Red Brangus breed.

He was the 2022 IBBA Houston Livestock Calf Champion. His sire Fireman is one of the most exciting young herd sire we've ever raised. He combines the performance and power MBJ Fireman with style and maternal ability of the 428 line.

MBJ dam is the recognized dam SUREWAYS EASY 428S2. Dam of many outstanding Red Brangus individuals. "Trio's CAMBRIDGE 428C2" and is one of the sons of this incomparable highly feminine and fertile individual.

Johnny Cash combines two of the most elite genetics on our ranch to create what we feel is a masterpiece of a bull.

MBJ Genetics its known for power, maternal and adaptability. We worked a breeding program to make a bull to help us improve our US show cattle eye appeal and to be used with our performance herd. Grant is out of our elite program and is a tremendous show bull that started the season as Reserve Yearly National Champion at the IBBA Texas Invitational.

MBJ GRANT 77G is Top 20% for birth weight and produce calves that calve easy and stand up quick. He has excellent musde shape, great structure, long neck, a dean front, smooth flat shoulder, and eye appeal. In other words, everything you want in a semen sire to produce show quality calves without losing muscle and power. Very good color, long, long, and beautiful neck!

Grant's sire, COLONEL 175C2 is a full brother of Trio's Yucatan 175 and was Grand Champion of the Oklahoma State Fair and Grand Champion of the Future Reserve Brangus Red Brangus Bull ... Son by Sequoia 112S of TRIO, dam is Fancy 175/4.

His dam BUFFALOE'S MS ALANE 77C is out of the respected 77 cow family of Buffaloe Red Brangus program.

A royally semen sire that has some of the breed's most elite genetics stacked in his pedigree.

MR MBJ GRANT 77G

CLVR MBJ HULK EMPIRE 99H3

HULK is an absolute powerhouse in terms of the meat and muscle from nose to tail. Furthermore, he is a huge boned, huge ribbed and stout made, with a lot of muscularity that have been there since the day he hit the ground. We can't wait to see the effect this bull could have in the Brangus to help add extra rib and body. He will be a breed changer, guaranteed.

HULK sire is the tremendous DMR Empire 795D12 that is one of our most exciting young herd sires of the Brangus breed. He is a Proven Three D son at Draggin' M out of the \$29,000 Ms DMR Jethro 795Y2. He is also sire of the \$40,000 DMR Investment 535F40. Empire is producing some of the most uniform calves in the breed that are moderate framed, and stout made. His daughters are coming into production and have a perfect udder design and are easy fleshing.

HULK is also out of a maternal powerline cow that gives an added boost in maternal genetics. His dam CLVR MS NEW VISION 99A6 is great daughter of the renowned NEW VISION OF SALACOA 209Y2 and the great 99X9 donor out 99P52. Her maternal sibs have generated over \$200,000 in progeny sales earnings for Clover Ranch after her purchase in the World Series of Brangus sale. She is a maternal sister to the \$16,000 Marlboro and the \$15,000 Treasure bulls. She is sired by Nuff Said and records top 10% WW, 15% YW, 20% REA and top 25% IMF.
